

Stats Reporting - A Feature for Coaches, Players, Parents, and the Media

\*\*\*One of the great features and rewards for coaches keeping their stats updated is the click for Stats Reporting. We added this feature with the following in mind: Wouldn't it be great, if there was a way that a coach can print out a report for complete season's stats to be placed under team cover page and shared with teams at a season-end event or banquet as a memento of the season.

## In Conclusion:

This report was added at the request of Phil Abel. As a coach back in the 1980s, I would compile all the stats for my teams, and I would type them up and copy them off under a nice team cover page and have them available at the end of the season awards nights.

The hope for this feature is that the coaches might also be able to share with their players a keepsake report for all the team stats at the end of a season.
