

# To Parents, Media, Teams, and all Fans of Section III Athletics

The spring season begins this week, and with it come the necessary cancelations of games that occur when weather might dictate postponements or cancelation of games. Subscribe to the Notifications Services through HSSS and instantly receive notifications to your email or your device the moment that changes are made to a team's page by the coaches or the schools.

The cost is \$1.99/month to your PayPal account, and you can sign up for as many schools, and as many sports as you wish.

**Subscribe for Notifications:** When you Subscribe for Notifications, the cost to subscribe is \$1.99/month through a PayPal account that we have set up. Anyone can subscribe and choose a section, a school, and multiple or single sports at a school to "follow". The concept continues that for that fee, followers will receive an email or a text (choice of the subscriber) whenever any change is made by a coach to the team page.

Schedule Changes – Postponements for Weather, Rescheduled games, times, and sites.

Additions to Rosters

The emails and the text messages provide an indication of the change, and a link to the team page viewable on their computer or device. Once a subscriber is registered, they may cancel at any time after they log on, they can click on their Account on the menu bar, and either make changes (new season, new sport), or simply unsubscribe.

Subscribing will support our efforts here at HSSS to bring your section this site at no charge and with our full support going forward to 2020-2021 and 2021-2022. The site and programs remain totally free to the Section and to the schools.
